

ISLAND HOSPITAL

FOUNDATION

2014 Annual Report

The Island Hospital Foundation

raises funds to support Island Hospital and our community with the purpose of providing quality healthcare. Our vision is bold and our mission is practical; together we work to ensure our community's health and wellbeing while providing award-winning compassionate care to our patients.

Founded in 1979, the Island Hospital Foundation is a nonprofit organization dedicated to serving our community hospital for more than 35 years. We are independently governed by a board of local leaders who are deeply rooted in the community and share a passion for improving quality and creating more collaborative approaches to healthcare access.

Mission To raise funds to support Island Hospital and its commitment to community health.

Vision Through community engagement, we will sustain and support Island Hospital and ongoing quality healthcare close to home.

Dear Friends of Island Hospital Foundation,

Let me first offer each of you a warm thank you for your support of the Foundation, and its work on behalf of Island Hospital and our commitment to community health. Your contributions resulting in over a half million dollars of direct giving each year benefit our local hospital and contribute to our vibrant and healthy community. Many of you choose to give to any of a number of departments or interests which you find particularly important. We honor your intent enthusiastically.

I have been fortunate to work with a dedicated group of community volunteers who serve on the Foundation Board. They work closely along with our Director, Jeannette Papadakis, and her assistant, Maddy Mackenzie, to strengthen our ties to donors and engage new donors by meeting their philanthropic interests within the Island Hospital community.

We dealt with a significant theft in 2014. The Foundation has worked hard to develop new policies and systems which will prevent anything such as this from occurring again. We certainly understand the importance of your trust. We have been able to recover 90% of the theft losses from our insurer. That money will now be back at work in the support of the hospital and the programs which you direct us to fund.

I hope that you will learn more about what the Foundation is doing, and welcome you to check our website, or call to speak with Jeannette or Maddy in the Foundation office and they would warmly welcome a chance to speak with you about our programs and needs.

In my work as a physician here in Anacortes, I am reminded often of the good which you have helped to make happen. Again, thank you very much for your continued generous support.

A handwritten signature in blue ink that reads "Mark Backman MD". The signature is fluid and cursive.

Mark Backman, MD, BOARD PRESIDENT
Island Hospital Foundation

Dear Foundation Supporters,

As the new Island Hospital Foundation Director, I am privileged to champion the cause of our outstanding hospital every day. Anacortes and the surrounding communities are fortunate to have a hospital that delivers exceptional health care so close to home. The hospital is truly a community gem that we need to nurture and grow. It is a vital component of our quality of life here. I am reminded daily that the unique personal care that our hospital offers is due to the providers, staff and volunteers who are committed to living the Island Hospital *Promise*; prioritizing the care of both emotional and medical needs first and foremost. You will find a few of those special stories in this annual report for 2014.

Since assuming this position in late February, the year has flown by with event fundraising, practice and procedure refinement, and some learning along the way. In publishing this annual report, we intend to communicate the impact and positive results that your generous contributions have had on Island Hospital and our community.

Significant highlights of your gifts include: the provision of needed advanced surgical equipment for women's health, the continuation of programs like the award winning School Mental Health Intervention program, and providing assistance to individuals in need with our medical relief grant programs. A full description of each program and funds provided are included in the report.

I look forward to continue working with you as donor, volunteer, and community supporter to raise the necessary funds to meet the needs of Island Hospital and its commitment to community health.

Jeannette Papadakis

Jeannette Papadakis, DIRECTOR
Island Hospital Foundation

A Place of Hope

"I expected to see a lot of sad faces, nurses and doctors looking serious, and people rushing around with charts in hand. I expected to be just another in a large group of patients coming in for treatment. I have never been so wrong."

Jack, a long-time Island Hospital volunteer, puts patients at ease with food, cookies and a smile.

When I entered the Merle Cancer Care Center at Island Hospital, my experience was the complete opposite. I entered a beautiful, large clinic that was bright and cheery; and it wasn't just the surroundings that made it that way. The receptionist smiled when she greeted me, explained the sign-in process, and invited me to help myself to the coffee and cookies around the corner. The nurses were WONDERFUL! They were not only very experienced and professional, but kind, patient, and friendly as well.

I was absolutely amazed when I entered the infusion center. The windows were huge — providing stunning views of Mt. Baker and the Puget Sound. Patients were resting in large leather recliners watching TVs mounted above them while receiving their chemotherapy treatment.

And then there was Jack, a very sweet elderly gentleman who has worked as a volunteer for years serving lunch to the patients. I also met Kelsey, the patient navigator who was there just to help make the patient's experience as

pleasant as possible. She let me know of everything that was available to me through the Cancer Society. She was extremely helpful and kind.

I will finish by saying that no one wants to get chemo treatments, unsure of what's ahead of us. We may enter the Merle Cancer Care Center depressed and frightened, but we leave encouraged and hopeful. At least I did, and now I have several new friends.

— **Kathy Sousa**

Surgical Tower Purchase Enhances Women's Health

Kathy Garde, MD OB/GYN,
CHIEF OF STAFF

The surgical tower purchased as a result of your generous Gala 2014 Heartstrings donation provides positive outcomes for female patients. The tower, used in many complicated laparoscopic surgeries, also serves as a diagnostic tool for physicians. All-around recovery times have been reduced, and patients often go home within 48 hours of their surgery. In addition to getting home sooner, the ability to get quickly back to a normal routine has greatly improved for patients with the use of this technology.

“We are so grateful to the community for their continued generosity. Women having surgery at Island Hospital have and will continue to benefit from your generosity, with the acquisition of the new laparoscopy tower.”

Community Giving By Fund 2014

“Island Hospital Labor and Delivery is absolutely amazing! The staff is fantastic and makes sure new moms and babies are so well taken care of. I never wanted to leave!”

– Carly Soapes

2014 Island Hospital Foundation Fundraisers

“The staff and doctors at Island Hospital Merle Cancer Care Center are not only outstanding people in their profession, they genuinely care about their patients. As a patient, you feel like you are part of the family.” – Daryl & Judy Paulsen

Gala of Hope

Inspired by the temptress Scheherazade and her tales of 1,001 Arabian Nights, the 11th Annual Gala of Hope auction dinner was an exotic and lively event that showcased generous community support for Island Hospital. The Heartstrings appeal raised funds for a new surgical tower dedicated to gynecological procedures.

Golf Classic

The 13th annual Golf Classic tournament continues to grow in popularity over the years, with a total of more than \$1 million dollars raised for Island Hospital since 2001. Kindly hosted by the Skagit Golf & Country Club, the tournament features sponsorships, a silent auction, on-course competitions and a raffle to raise funds for the Foundation.

2014 Island Hospital Foundation Fundraisers

Skagit Sun Berries

Owner Don Kruse of Skagit Sun Berries generously donated a portion of all berry sales from their stand on Commercial Avenue through the spring and summer. Since 2011, Skagit Sun has given more than \$18,000 to the Island Hospital Foundation.

2014 Gifts From Our Community

Philanthropic contributions are crucial to Island Hospital's health.

They help support patients unable to pay for their medications, for new technology to diagnose diseases earlier and treat them more effectively, and for the overall hospital environment, designed specifically to promote healing. Who gives? Patients pleased with their care. Neighbors who want to invest in our community's well-being. Staff members who believe in Island Hospital's mission. In the pages that follow, we pay tribute to our partners who gave generously in 2014 toward an environment of hope and healing for patients at Island Hospital and contributed necessary resources for our community's healthcare.

Legacy Society

This society celebrates and honors those who have chosen to grant the Island Hospital Foundation with a life income gift or a bequest. Planned giving allows for long-term impacts on the health of our community and the care provided by Island Hospital, clinics, and caregivers. We thank the following members who are planning for gifts today that will provide significant benefits to the future health of our community.
